STATE HIGHWAY IS GRADED TO WILLITS

AUTOMOBILES ARE NOW TRAVELING THIS ROAD AND REPORT IT IN EXCELLENT SHAPE—CHAS. KENT MAKES RECORD RUN TO WILLITS AND RETURN.

Leroy Hard of Hard Bros., the contractors, reports that the state highway is now open between Ukiah and Willits. The contractors have finished the grading and the commission is now graveling. The grade is an excellent one and Hard Bros. appear to have done an excellent job. The road is in very good shape and several machines have gone over it, Chas. Kent making the run to Willits in one hour and twenty-five minutes and the return trip in five minutes less. If the weather keeps fair it is probable that a number of machines will make the run Sunday.

Hard Bros. have shifted their men to the contract between this city and Hopland and have seven gangs of about 90 men and about 90 head of stock on the work. Cement gangs are working at the race track and Largo and grading gangs at Robinson creek, C. L. Crawford's and Burke hill. The work is being rushed during the good weather. Gene Hard has charge of the crew working from Cloverdale to the county line and is making good progress.

CITY BEAUTIFUL MOVEMENT URGED

CLEAN UP YOUR YARDS AND PLANT FLOWERS AND SHRUBS—UKIAH CAN BE MADE ONE OF THE MOST BEAUTIFUL CITIES IN THE WORLD.

The present movement toward a cleaner, more beautiful town, is one that is most timely in Ukiah. Surely few towns have greater need of improvement than ours. We have one of the most beautiful natural cities in the world, but have taken but little advantage of it.

Let us tomorrow as we walk about the streets look at the buildings and streets as we would if it were our first visit and try to realize the impression the town makes on a newcomer. So long have we tolerated many things that ought to be intolerable, that our eyes are blinded to the great lacks that are so apparent to those beholding them for the first time.

Notice how many yards are not only flowerless and shrubless, but actually dirty and overgrown with weeds. See how many sidewalks are so weed grown as to be almost impassable. Note the many dilapidated fences and unkept outhouses that meet the view—not only in the outskirts, but in the very center of town. Then think what a change would take place if every householder would improve just his own premises and his own sidewalks and see what a new town we would have. A day's labor with hoe and rake and a little paint or whitewash will work wonders in a place.

In line with this effort for a cleaner and prettier town, the aturday Afternoon club is organizing a seed and plant exchange of which everyone in Ukiah is invited to become a member Already a number of ladies have notified the civic committee that they will contribute seeds and plants and it is greatly desired that all who have yards will take advantage of this opportunity to help and be helped.

In the spring, probably in May, a cut-flower fair will be held in the city hall. There will be several cash prizes provided by the Saturday Afternoon club and bulbs donated by Mr. Purdy. Several of our enterprising merchants have also volunteered to contribute useful prizes.

So ladies, plant your garden and be ready for the ower show and encourage others to do so if you can. And above all, take a long hard look at your place, and then see what you can do to improve it. XX.

TOAD STOOL POISONING

Tuesday night Dr. Liftchild was called to Ham Van Nader's ranch where he found Mrs. Alex Ward and two children suffering with toad stool poisoning. They are Indians and were surrounded by some of their tribe who had started the death chant, as they seemed to have passed away. The doctor, however, managed to bring them back, much to the surprise of the Indians. He is now regarded as a big medicine man by the aborigines.

Flash light photo of the members of the Little Lake Farm Bureau Center. The start for a farm adviser for Mendocino county has been made by these people who are striving to better their own condition and that of their neighbors. The members are prosperous members of Little Lake valley and business men of Willits. Ten new members have been added during the week. This picture was taken after the members had been addressed by E. W. Dutton on the duties of a farm adviser at Whited's hall, Saturday night, November 7. This body of people deserve the support of every one in Mendocino county in their attempt to better the conditions of the farmer of Mendocino County.

EDITOR VISITS REDWOOD VALLEY

Last Saturday night Editor White, Edgar Dutton and Photographer Saunders had the pleasure of attending the meeting of the Redwood Valley Improvement Club. The meeting was a very enthusiastic one and the matter of a farm adviser for Mendocino county was discussed. The members generally favor the farm adviser and will take the matter up at their next meet- The matter of a farm center was also discussed. It was decided however, to investigate the matter more thoroughly before organizing a farm center as the members are very loyal to their present organization which has accomplished a great deal for Redwood Valley and it is feared that two organizations, with much the same end in view, might result in a lack of interest in both. Meanwhile the matter is being taken up by Mr. Dutton with the University of California to find out if it is absolutely necessary to form a new organization while there is one already established in a community doing good work. Mr. Saunders took a flashlight of the members of the improvement club and the picture will be published next issue

PIONEER OF COVELO IS CALLED TO REST

L. D. MONTAGUE, ONE OF THE FIRST SETTLERS IN ROUND VALLEY, DIES IN THIS CITY AND REMAINS ARE TAKEN TO COVELO FOR INTERMENT.

Lemuel D. Montague died in this city last Wednesday, aged 78 years. His son, Henry, came down from Covelo and took the remains to that city, where the funeral was held under the auspices of the Masonic lodge. Lem Montague, as the deceased was familiarly called, arrived in Round Valley 54 yars ago and was one of the last of the early pioneers. He was one of the settlers engaged in the battle with the Indians in early days and was wounded in the leg, which left him a cripple His wife died several years ago. He is survived by three sons and a granddaughter, Miss Anna Montague of this city.

FIRE ALARMS FOR WEEK

Friday afternoon a fire alarm was turned in for a fire in Todd addition. It proved to be nothing more serious however, than Hancy English cleaning up his yard. Some of his neighbors had seen the smoke from the trash pile and thought the house was on fire. Saturday evening another alarm was turned in for a building near the depot occupied by the Wages family. The fire was in the roof and was quickly extinguished, not much damage being done. The firemen responded promptly in both cases.

SMALL VERDICT RETURNED

The case of M. Martinazzi against the California Telephone and Light company for $50,000 damages, claimed for the death of Catherina Martinazzi, which occurred June3, 1913, when a team which she was driving ran away and collided with a telephone pole. occupied the superior court three days this week. Yesterday afternoon the jury brought in a verdict of $2000, standing 9 to 3. On the first ballot is is understood that five jurymen were for no damages. Preston & Preston represented Martinazzi and Mannon & Mannon the company. It is understood that the case will probably be appealed. In proportion to the amount sued for the damages awarded is one of the smallest verdicts ever returned by jury in this county.

Chamber of Commerce Hold Railroad Meeting

Potter Sends Down An Enthusiastic Delegation. Chamber of Commerce Rooms Crowded With Interested Citizens. Enthusiastic Speeches Made.

The new board of trade rooms in the Dowling building were officially opened to the public Monday night when a mass meeting was held to discuss the proposition of a railroad from Ukiah to Upperlake via Potter. The meeting was called to order by President J. W. Eversole and the rooms were filled with prominent citizens. Potter Valley was represented by the following gentlemen: Jack Newman, Eli Jones, Albert Clapp, Ed Sacks, Frank Gibson, Chas. Frasier, John Gilliland, J. J. Thornton, A. F. Busch, J. M. Thornton, Joe Adams, S. C. Burris, W. W. McCreary.

The meeting was an enthusiastic one from start to finish and it now looks as if this project would come nearer to being something besides a paper railroad than anything that has been projected for Lake county. Among the speakers at the meeting were: Chas. Kasch, Pat Connolly, E. E. Holbrook, T. J. Weldon, Jack Newman, Dr. Basford, J. A. Jamison, Dr. Van Allen, Father Sebastian. The committee appointed by President Eversole of the Chamber of Commerce was: Lewis Cunningham, chairman; Pat Connolly, T. J. Weldon, George Jamison and Chas. Kasch.

Similar committees will be appointed by the Chamber of Commerce of Potter and the Upperlake people and all will meet to work out a feasible plan on the railroad matter. It is understood that a meeting will be held in Upperlake, probably Saturday night, at which all the committees will get together.

Such a road would be of untold benefit to Lake county, as it would open up the richest part of the county by direct railroad communication with the outside world. It would also be of incalcuable value to Potter Valley, as it would give this large and fertile Valley an outlet. Such a road would be tapping a fertile country and hauling freight for every mile that was completed, which would insure the financial success of the undertaking and also be a temptation to people with money to take up the bonds of the road.

SANITARY ENGINEER IS VISITING CAMPS

SAYS THAT THE STATE LAW IS BEING VIOLATED BY UKIAH CITY IN PERMITTING SEWAGE TO POLLUTE WATERS OF RUSSIAN RIVER.

Chief Sanitary Engineer, J. J. Rosenthal, of the commission of emigration and housing of California, was in this city this week. He has been visiting the hop field camps to ascertain how the state sanitary regulations have been complied with. One of the inspectors was here in August and advised the hopmen how to locate their camps so as to comply with the law. He will also visit the lumber towns on the coast and look into the sanitary conditions at the lumber camps.

While here he inspected the local sewer dump and states that it is in violation of the state law, as the sewage from Ukiah is being permitted to pollute Russian river. He states that the same condition also exists in other towns along the river. He also visited the public school buildings and reports that the sanitary accommodations are not adequate for the number of pupils in attendance. He also called on Dr. Liftchild, county health officer, and discussed local conditions with him.

HAVE YOU SEEN THE COMET?

The new comet is attracting the attention of Ukiahites. It is to be found in the southwestern sky and is plainly visible about 8 oclock. It has the appearance of a very bright star. The tail is short and can only be noticed on close observation.

KEEP ORGANIZATION FOR NEXT CAMPAIGN

Los Angeles, November 5.—W. H. Chessall, chairman Republican County Central Committee, Ukiah. Dear Sir:— We have nothing to regret and the Republican party has much to look forward to in the future. We fought a good fight, perfected a Republican organization in every county in the state, and I am not sure but what we will be in a better position to win the state for a Republican president two years from now than if we had been successful.

Keep your organization together. Keep the faith, and please convey to the members of your committee for me my sincere appreciation of their splendid cooperation in the campaign.

Yours very truly,
John D. Fredericks

GRAPE GROWERS DISCUSS PRICES

DELEGATES FROM MENDOCINO, NAPA AND SONOMA COUNTIES WILL MEET IN SAN FRANCISCO IN THE NEAR FUTURE TO TRY AND SOLVE PRICE PROBLEM.

The Grape Growers Association met in the city hall Wednesday to discuss the matter of prices for grapes that are to be received for the present crop from the wine men. President Fred Waugh appointed C. L. Crawford and Frank Cunningham delegates to a meeting to be held in San Francisco in the near future when delegates will be present from Napa and Sonoma counties. There seems to be considerable dissatisfaction among the growers in the three counties who think that the wine men have not treated them fairly.

No price has been made by the local winery yet, but it is reported that they may pay with two notes of three and six months. Some of the growers who shipped to outside winerieh have received $16 a ton with a promise that if the market improves they wil get more. The price paid by the local winery is to be based, it is understood, on the price paid in Sonoma county.

A meeting was held in Healdsburg last week of the Grape Protective Association at which C. L. Crawford, Leslie Crawford, Fred Waugh and Frank Cunningham were present. The meeting held in this city was the result of the Healdsburg meeting. The wine men feel that the adjustment of the war tax and the fact that the state went wet, should entitle them to a better price for their product than seemed possible at the beginning of the season.

Blalack and E. L. Cunningham represented Mendocino county at both meetings and were able to secure the adoption of the Mendocino county plans for the organization of the association.

M'CRACKEN VISITS HIS RIPPON RANCH

Reports that Sixth Crop of Alfalfa is Being Cut There This Year—Sees Former Residents Who Own Rippon Farms.

J. L. McCracken returned last week from Rippon where he had been to superintend the transferring of his stock from this valley to his ranch there. His sons, Ed and Leslie, own ranches there as does Mr. McCracken. He is very enthusiastic over the prospects threr and reports that the sixth crop of alfalfa is being cut there for this year. He saw I. C. Richey and K. O. Cowsert, formerly of this valley, who own ranches at Rippon and reports that they are well pleased with their places.

PINE RIDGE SCHOOL HOLDS EXERCISES

Ukiah, Nov. 18.—Last Thursday Pine Ridge School closed its year's work with very elaborate exercises.

The programs were unique, being in the form of a kite with a picture of Benjamin Franklin in the center, his hand holding the kite string while the tail floated from the top. The first part of the program consisted of recitations, monologues, and songs.

The children all did exceedingly well and received many compliments. Their teacher, Mrs. . W. Bradford, was overwhelmed with them from the parents and other visitors.

In the historical play "Benjamin Franklin" she had taken infinite trouble to make the characters and scenes as realistic as possible. It really seems that no one else would have attempted to produce in a country school house, the scene showing Franklin with his kite in a thunder storm, determined to prove that lightning and electricity were the same. The costumes used in the play and in the five tableaux following could not have been improved upon.

At the conclusion of the program delicious ice-cream and many varieties of equally delicious cake were served.

The day's entertainment closed with the very succesful ascension of a 12 foot paper baloon, equipped with parachute and man. After the latter had safely descended the baloon rose almost out of sight and, as last seen by the interested spectators was floating eastward over the Ukiah valley.

General regret was expressed that Mrs. Bradford had resigned as teacher of the district. It will be difficult to find a worthy successor. X

JOB CHASERS AFTER SANDELIN

Frank Sandelin is being besieged with applications for positions at Folsom, as some one suggested that the plum to be handed out to the genial host for his ardent support of Governor Johnson, was warden of the states prison. The latest application was from a lady who would like to be housekeeper. She gives as a particular reason for wanting to be housekeeper at Folsom, that her husband is doing 14 years for burglary for having stolen her an automobile.

CHAMBER OF COMMERCE EXHIBIT ON DISPLAY

The rooms of the Ukiah Chamber of Commerce in the Dowling building are now open to the public and already a very creditable display of farm products is being shown. Among the articles shown are alfalfa, clover and grain hay, processed fruits in jars, corn, sunflowers. Point Arena is represented by an exhibit of apples and Fort Bragg by some of the products of the Fort Bragg Canning Co. Files of all the county papers are being kept and there is a good supply of Mendocino county edition of the San Francisco Chronicle, which are for free distribution. Secretary Kasch reports that many other products have been promised for exhibition.

UKIAH HIGH SCHOOL NOTES FOR THE WEEK

By C. L. Davidson, '15

The lyceum, which was discontinued last year on account of lack of interest, has been revived, and the first program will come off this afternoon. The only reason that there will be a program this time is that the faculty will flunk those who are scheduled to participate on the program if they do not comply with their wishes. There is no interest shown in this class work, and as it is not on the course of study, should be done away with, as the majority of the students are uninterested, and otherwise up-to-the-neck in work. The next program has been scheduled for December 4th, the same date of the debate with Lakeport.

Miss Louise Tibbetts, who succeeds Mrs. Lindsay on the faculty, began teaching Monday. Miss Tibbetts has been teaching in the Colusa high school for the last three years. We wish her the best luck for a prosperous year in our midst.

Eight new Remington typewriters arrived last Thursday. These machines have been somewhat delayed, and now the typewriting students are making up for lost time. One is euipped with a Wahl Adding and Subtracting machine for the commercial department.

Zola Mankins has been quite sisk for the last week. She is out again, however, and will be able to take her part in the Thanksgiving play. It was thought for a time that she would not be able to take her part, so as she is out again, all the cast are very glad.

The ground for the Agricultural class experiments has been plowed this week to be in readiness for their work this winter. The grounds in front of the school building has been set out in plots.

The Point Arena high school have decided to edit a monthly paper, "The Twinkle of the High School Stars," and have written to this school asking to have a correspondent appointed for their paper. At a Student Body meeting Thursday afternoon Emmett Connolly was elected to the position of correspondent for this paper.

Tuesday afternoon after school, an outsider was noticed on the campus queening with a Freshman. This is intruding a little too far on sacred customs of the school, so the boys gave him warning that he should make his ge-a-way, but he was rather stubborn, so they promptly introduced him to the handy faucet, after that he hastily made his exit.

Last Friday night the basket ball season was ushered in by two hotly contested games and a large and enthusiastic crowd. The first game between the Freshmen girls and a picked team from the other girls started at 8, and resulted in a victory for the picked team, the score being 17 to 9. The next game between the Junior boys and a picked team resulted in a close fought victory for the picked team, the score being 16 to 15. Allenby startled the fans by throwing two goals from center. Ford, of the Juniors and Clay of the picked team play good games.

Tomorrow night Willits high school will meet the boys team of this school in a basket ball game. A good crowd should attend this game, for it will provide much interest. There will be a preliminary game between the Sophomores and the Freshmen boys. The local high school team of boys will be chosen from the following: Ford, Connolly, Linser and Clay for forewards; Allenby and Mathews for center; German, Grant, Ed. Ellison, Thornton, Elwood for guards.

Jack Sweet of Boonville had business in town Tuesday.

Rheumatism

Just put a few drops of Sloan's on the painful spot and the pain stops. It is really wonderful how quickly Sloan's acts. No need to rub it in—laid on lightly it penetrates to the bone and brings relief at once. Kills rheumatic pain instantly.

Mr. James E. Alexander, of North Harpswell, Me., writes: "Many strains in my back and hips brought on rheumatism in the sciatic nerve. I had it so bad one night when sitting in my chair, that I had to jump on my feet to get relief. I at once applied your Liniment to the affected part and in less then ten minutes it was perfectly easy. I think it is the best of all Liniments I have ever used."
